DETAILED ACTION

Examiner's Statement of Reasons for Allowance

1. Claims 8-14 (renumbered as 1-7, respectively) are allowed.
2. The following is an examiner's statement of reasons for allowance:

The invention as now claimed is not disclosed or rendered obvious in view of the prior art of record. As to claim 8, the prior art of record fails to teach or suggest, alone or in combination, the recited method that combines the steps in which an operator logs on to a central master office, initiates a call linked to a virtual operator in the master office using a call number table, the request for remote logging on is transmitted from the home switching office to the master office by means of inter-office signaling after the call link has been set up, and data associated with a specific operator service is then transmitted from the coordination processor and/or a peripheral line trunk group of the master office to the operator and loaded into its terminal as set forth in the recited claim.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
